PROFESSIONAL SUMMARY

Highly analytical Computer Science Engineer specializing in **Artificial Intelligence, Machine Learning, and Full-Stack Web Development**. Competent at designing end-to-end intelligent architectures by connecting advanced deep learning models with scalable web environments. Proven track record in managing real-time data streaming architectures, developing decentralized frameworks, and containerizing full-stack prototypes to maximize execution speed and cloud systems performance.

TECHNICAL SKILLS

Languages: Python, Java, C++, C, SQL, JavaScript, HTML, CSS

AI & Machine Learning: TensorFlow, Keras, Scikit-Learn, PyTorch, Neural Networks, NLP, OpenAI API, OpenCV

Web Frameworks & Services: Node.js, React, Django, Tailwind CSS, Bootstrap, WebSockets, RESTful APIs

Databases & DevOps: Kubernetes, Docker, MySQL, Firebase, Git, GitHub, Linux

Platforms & Hardware: Mobile (Flutter), Arduino, Raspberry Pi, ESP8266, ESP32, Embedded Systems

Core CS Concepts: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP)

EDUCATION

College of Engineering, Adoor

Bachelor of Technology in Computer Science and Engineering (GPA: 8.0)

Kerala, India

2022 – 2026

St. Stephen's Higher Secondary School

Higher Secondary Education – State Board (Marks: 93%)

Kerala, India

2020 – 2022

St. Stephen's High School

High School Education (Eng Medium) – State Board (Marks: 98%)

Kerala, India

2020

EXPERIENCE

Amrita School of Artificial Intelligence

Blockchain Engineering Intern

Coimbatore, India

2025

- Co-developed "HEXENE", a Three-Tier Blockchain Framework for Carbon Credit Trading to resolve transparency limitations in green asset markets, earning Third Prize at the Energy Transition Conclave 2025.

Spectrum Softtech Solutions Pvt. Ltd.

Flutter Intern

Kerala, India

2025

- Utilized diagnostic toolchains inside Android Studio to build, trace, and validate cross-platform mobile application prototypes across native iOS and Android systems.

Technovalley Software Pvt. Ltd.

Cybersecurity Intern

Kerala, India

2024

- Analyzed local enterprise infrastructure risks and modeled real-time Man-in-the-Middle (MITM) attack signature detection sequences via low-level Packet Capturing Methods.

PROJECTS

AutoGlide: Smart Instrument-Based Aircraft Landing System | *Embedded Systems, MATLAB, IoT, Hardware* 2026

- Programmed micro-controller firmware mapping HC-SR04 ultrasonic sensors, servo motors, and ESP8266 networks with DHT11/22 modules for autonomous aircraft gear deployment simulations based on telemetry data.

AI Interview Coach | *Python, NLP, WebSockets, Docker, Web Deployment* 2025

- Architected a containerized full-stack application prototype driven by Natural Language Processing algorithms to analyze technical answers and serve immediate feedback over low-latency WebSockets.

Smart Home Automation with Malfunction Detection | *IoT, ESP8266, Blynk App Ecosystem, Hardware* 2025

- Designed an integrated smart-home circuit grid using ACS712 current transformers to measure active power draw signatures and stream live infrastructure diagnostic data back to a Blynk dashboard.

LEADERSHIP & ACTIVITIES

IEEE PES Kerala Chapter (Region 10)

Student Representative / Student Leadership Team

Kerala, India

2024 – 2026

- Directed strategic operations for a 24-member core network to orchestrate over 100 statewide events while engineering outreach programs that expanded registered chapter membership.

Instrument-IT (IEEE TryEngineering Funded Initiative)

Volunteer & Organizing

Kerala, India

2025

- Created 10+ target instructional modules covering complex sensor electronics and instructed over 50 student participants using physical interactive development kits.

CERTIFICATIONS, HONORS & AWARDS

Certifications: Specialist in AI/ML Certification – ICT Academy of Kerala (*In Progress*)

Global Competitive Coding: IEEE Xtreme 18.0 – Achieved Global Rank **83** out of 19,000+ international participants (2024)

Honors & Awards: Outstanding Student Volunteer Award (IEEE PES Kerala Chapter, 2025)

Ideathon: 1st Prize – PowerConnect+ Idea Pitching Competition (Workshop, 2023)

Academic Competitions: 1st Prize – Amrithakiranam Medi IQ District Level Quiz Competition (KGMOA, Kollam, 2020)

Soft Skills: Leadership, Teamwork, Time Management, Professional Communication, Analytical Problem Solving

Languages: English (Professional), Malayalam (Native), Hindi (Conversational)
